

Nolay Tourist Agency

FROM GRAPE TO GLASS IN NOLAY - 5 AND 6 AUGUST 2023

In the historic centre of the town of Nolay, located in the south of the Côte d'Or, 18 km from Beaune, the Tourist Agency, in partnership with the Syndicat de Défense des Hautes Côtes, is organising a fun, educational, friendly activity event based around the vines, wine and live entertainment.

The 19th edition of the DE CEP EN VERRE (FROM GRAPE TO GLASS) event will take place in Nolay on 5 and 6 August 2023

About forty craftsmen and women will show you their art and share their passion: ceramist, basket maker, ironworker, wood turner... They all show off their talent and know-how through demonstrations, a real living heritage.

8 Hautes-Côtes de Beaune winegrowers will pay tribute to the sixty-year-old Burgundy Hautes-Côtes Appellation. They'll share their secrets with you through commented tastings.

The opening ceremony is followed by a lap of honour of the craftsmen and women with the sharing of a friendship drink provided by the municipality of Nolay.

Learn and have fun at no cost: giant wooden games for the whole family, learning workshops for children, to delight everyone from 7 to 77 years old.

In addition to this programme, on Sunday 6 August from 9.00am to 3.00pm, there's a 7 km walking rally, suitable for the whole family. A walk that takes you through the countryside between groves and vineyards, with 6 tasting stages and a meal enjoyed in a wineestate. Equipped with a questionnaire, participants in this rally can solve puzzles about the vines and will be rewarded during a prize-giving at the end of the route on the forecourt of Nolay Church.
